Seeds - Seedlings - Cuttings

TERMS AND CONDITIONS

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

10% discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk.

Important—Orders are always individually filled with fresh dug stock, graded liberally, with good root system.

Prices—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 5 of variety at 10 rate; 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales.

Consignment—No stock will be sold directly or indirectly on consignment.

Shipping—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck. Express rates have been reduced 25 per cent.

Inspection—A Certificate of Inspection accompanies each shipment.

Guaranty—We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

Claims—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

Location—McMinnville is located in Middle Tennessee on N., C. & St. L. Railroad. It is on State Highways No. 55 and 56, and U. S. Highway No. 70, and the Broadway of America. Nurseries and office located three-fourths mile west of square, on new Manchester Pike Highway No. 55-A.

Reference—Any Bank or Business house in McMinn-ville. The Commercial Agencies or any of the leading nurserymen in the United States.

COLLECTED FOREST TREE SEEDLINGS, SHRUBS AND VINES

WOODS GROWN PLANTS

The stock offered below is not finished plants, but is woods grown, collected stock from the mountains and forests, suitable for transplanting. Woods grown or collected stock is not to be classed with nursery grown or cultivated plants. We seldom recommend Collected Stock, however many of our customers advise us that with Collected Stock they have obtained satisfactory results. The prices are certainly attractive.

Many of the varieties we offer in Collected Stock are items that frequently become short in Nursery Grown, hence the Collected list, but do not expect the Collected Stock to have as good root system, be as well developed or live as well as Nursery Grown.

Note.—Most collected seedlings, such as Maples and some others, except large sizes, are crooked near the ground and should be cut back to crown before planting. They grow up straight, smooth and much faster and quicker than when planted without cutting back. We cut back all seedlings to crown before transplanting.

HARDY FERNS **COLLECTED**

We wish here to call your attention to the five varieties of hardy ferns which we have dug up in the mountains; they have not been cultivated in the nursery rows, but are dug from the woods. We have been selecting quite a few of them, and so far as we know they have been giving satisfaction. The Cinnamon, Royal and Christmas ferns are clumps, and the other two varieties are small roots. We offer them as follows:

EVERGREENS

COLLECTED—NATIVE—WOODS GROWN

The small evergreens are gathered on the mountains. and only on damp days when the weather is suitable. The small bare root evergreens are puddled as gathered, packed light and shipped by express unless otherwise instructed. Orders will be booked subject to our ability to have them gathered. Do not expect them to all live and grow, some of them will die under the most favorable conditions.

TREE AND SHRUB SEEDS

Tree and Shrub seeds are very scarce this season, crop almost a failure. We have succeeded in having a few seeds gathered and will be able to get some varieties later on as they ripen. Orders for seeds should be placed early as possible. Shipments can be made promptly on some varieties. Other varieties will be shipped as they mature.
